Occupational Therapy and Sensory Integration

Name: Gretchen BARD-LOY

Profession: Paediatric Occupational Therapist / Middle School Teacher

Qualifications: Registered as Occupational Therapist in US; 10 years middle school teaching experience; sensory integration training. (Services are not formally recognised in NL.)

Summary of Services: Occupational therapy and sensory integration for high level children ages 5- 12 with Pervasive Developmental Disorder, preferably kids who are going to school. Able to help with Activities of Daily Learning. As a teacher, I am available for learning support although it will be with a sensory integration emphasis.

Waiting List: Short waiting period.

Practice Name: Kindertherapie Centrum in Wassenaar, or at home or school (with permission from staff).

Address: Rozeveldlaan 33, 2241 NR Wassenaar

Daytime Phone: 06 250 173 06

Evening Phone: 070 514 0161

Email: gloy@planet.nl

Date details provided: Jan 2003

Name: Aynsley CARTER

Profession: Occupational Therapist and Reiki Practitioner

Qualifications: Masters in Health Science, Occupational Therapy. Reiki Level II

Summary of Services: My Occupational Therapy treatment starts with an evaluation of the child's capabilities which influence performance of tasks necessary to function in his/her environment. The evaluation will include standardized assessments as well as clinical observations to evaluate the child's specific strengths and weaknesses with respect to developmental milestones, sensory processing of vestibular (movement), proprioceptive (joint and muscle), tactile (light touch and deep touch), sensory motor skills, age appropriate developmental levels for fine motor, visual perceptual, self-care, play/leisure skills, and academic abilities such as handwriting, cutting, and classroom performance. The initial consultation involves me meeting the parents and child together in their own home. There I will do initial testing and assessments on your child's development. From this information I will put together an individualised program specific to your child's needs. This initial program will be reviewed in detail during the second session with you, the parents, as you will continue the program with your child on a daily basis to improve his/her development. I will conduct follow-up sessions every 3-4 weeks at which I can adjust and alter the therapeutic program as your child improves in each developmental domain.

Area: Amsterdam

Name: Brandi MC COLLUM - Family Centered Consulting Services

Profession: Cognitive Behavioral Consultant, Special Needs Educator & School Counselor

Qualifications: California certified Therapeutic Behavioral Specialist, Occupational Therapist

Summary of Services: Extensive experience with children with Autism Spectrum Disorders, Asperger's Syndrome, PPD, RAD, ADD, ADHD, Depression, Bipolar I & II. I have worked with kids 3 to 18 years and their families/caregivers through the U.S. Department of Mental Health, private consulting and international school environments. FCCS offers a residential program designed for early intervention and behavior modification through family-centered cognitive behavioral approach based on Functional Behavioral Analysis. FCCS residential programs develop and implement plans that smooth the fit between a child's behavior and the child's environment. Interventions and strategies focus on improved self-management, self-awareness and communications skills, while emphasizing each child's strenghts. Together with the child's family and community FCCS creates long-term solutions.

Speech and Language Therapy

Name: Mrs. Tamar BELEK

Qualifications: Speech/Language Therapist

Address: Amsterdam

Tel: 06 4707 6480

Email: tamaryif@gmail.com

Name: Laura KOSTER

Profession: Speech and language therapist

Qualifications: Graduate Diploma in Speech and Language Therapy, MA in Language Acquisition, BA in combined major of linguistics/psychology/neuroscience. Official qualifications as a Speech and Language Therapist (English) and logopedist (Dutch). Experience with Spanish-speaking children in Bolivia and the Netherlands.

Summary of Services: My main goal is to help children feel free to communicate and to achieve their social and educational potential. I provide diagnosis and therapy of children aged 2-19 with speech, language and communication disorders. I have vast experience in:

- stimulating children's expressive language skills (vocabulary, sentence structure, sequencing of events)
- furthering children's language comprehension and helping adults tailor their language to the child's level of understanding
- perceive and articulate speech sounds
- use verbal and non-verbal skills effectively for social communication
- use their voice in a healthy way I always liaise closely with parents and teaching staff.

As my degree is recognised by the Dutch Health Authority, I have an AGB code and Dutch health insurance companies cover part of my services. Services recognized by the Dutch Health Authority.

Miscellanea

Name: Dawn AYTOUN

Profession: Behaviour and Communication specialist

Qualifications: BSc (Hons) Psychology specialising in developmental studies. Educational certificates in behaviour management, communication support, social story development, home care planning and intensive interaction therapy.

Summary of Services: I have worked for several years supporting families and schools understand and support children displaying challenging behaviour and/or communication difficulties. I have been effective in providing effective strategies for supporting educational access and social integration. I have supported groups become more accessible to autistic individuals and provided risk assessments. I also provided training for support services related to individual children needs and developing individualised care plans. I always work independently for the family to support their access to what they need.

Name: Sarah CLARK

Profession: Babysitter

Qualifications: BS in Communication Disorders and Psychology, trained in several ASD therapy models including SCERTS and Son Rise, currently pursuing a Masters in Occupational Therapy.

Summary of Services: Babysitting with a focus on implementing therapy at home... I am open to learning and gaining experience with different models. I can work with any age group and have a very flexible schedule!

Email: saraheclark91@gmail.com

Date details provided: December 2014

Name: Kate D'ANVERS

Profession: RDI consultant / Autism specialist

Qualifications: MA (Hons) Psychology, registered child psychologist, RDI certified consultant, ex ABA consultant.

Summary of Services: RDI is an intensive, parent based, early intervention programme aimed at teaching dynamic thinking skills to children with ASD. When a child has dynamic thinking skills then learning, socializing, coping with change, making eye contact, meaningful communication and managing frustration and anxiety all develop naturally (just as they do in neuro-typical children). Parents, not therapists, are taught how to engage with your child in a way that encourages the development of neuro-typical skills.

Name: Annabelle READ
Profession: Dramatherapist
Qualifications: MA Dramatherapy
Summary of Services: I am a British trained Dramatherapist (MA Dramarherapy) with 13 years experience of working with children and young people with autism. I have worked with international families living within the Netherlands since 2006. I work with children individually either at home or school. I offer a play based programme to support social and emotional needs. Although I have experience in ABA the work I do is based on floor-time concepts. I also support parents and teachers by offering advice on creative approaches to playing with children with ASD. I am currently doing a lot of work for The International school of Amsterdam but I do have availability to work with families too.

You may also refer to the following websites:

<http://internationaltherapistdirectory.com/netherlands/>

(gives a list of international therapists who have a practice in the Netherlands).

Occupational therapist:

<http://www.ergotherapie.nl>

go under : "Ik ben client" and click on "zoek een ergotherapeut" Just type your post code or the name of the city where you live and you will get a list of occupational therapists in your area. We recommend you check that they are familiar with sensory integration dysfunction (sensorische integratie) and that they are working normally with children.

Another good website with a list of therapists is :

<http://www.nssi.nl> (click on therapeuten lijst for a complete list of professionals in your region)

Centrum Autisme:

<http://www.rivierduinen.nl/centrumautisme>
